Task briefing:

I took the photo below whilst riding a train in the UK. I always prefer quiet areas where no one can sit behind me because, in a public space, no information is truly private.

Your task is to:

a) Uncover what the person in front of me was reading.

Ans : The person in the image was reading an e-book on their e-reader text is visible

"leather gloves"

"seen better days"

"She has the letters from William's cousin James"

b) Identify the train model.

Ans : British Rail Class 800/801, which is branded as the Azuma by London North Eastern Railway (LNER)

c) Identify my seat number.

Ans : seat number is 83

Task briefing:

The refugee crisis in Central Africa has been ongoing for decades. With millions of people fleeing violence, humanitarian agencies play a critical role by providing assistance, including emergency shelters.
The video below, published in October 2007, shows the situation in a refugee camp

in the Democratic Republic of the Congo. The structures seen in the footage are long gone, as the conflict in the region waxes and wanes. Geolocating temporary accommodations is often challenging, as satellite images are scarce and the situation on the ground volatile. It is, however, still possible.

Your task is to:

a) Find the exact location of the white tent seen in the video below at the 1:16 minute mark.

Ans : Mugunga 1 IDP camp, located approximately 15 kilometers west of Goma in North Kivu province, Democratic Republic of the Congo. The camp is specifically positioned in the Nyiragongo territory near the Virunga mountains.

location Coordinates: -1.637311, 29.241477

Note: Please be aware that this exercise may expose you to distressing content, as refugee camps often harbour people in vulnerable and difficult conditions.
